Economics majors are allowed to count a maximum of two courses from other departments as departmental courses. Courses that will be automatically recognized by SCORE as cognates are listed on the department's website. No application is necessary for these courses. However, if you would like us to consider a course that is **not** on this list, please complete this form and submit it, along with a copy of the course syllabus, to Christina Lipsky, 114 Julis Romo Rabinowitz Bldg. To be approved as a cognate, a course must have a substantial content of theoretical or empirical economic analysis.

Approval for courses that are not on the pre-approved list must be obtained by the last day for grading option changes in that term. You may subsequently choose not to count the course as a cognate, but this decision is subject to the same deadline.
